

# APPROTEC RAN-LE

## APPLIED PROCESS TECHNOLOGY

### Manufacturers of Bulk Solids Handling Equipment Represented by Approtec - Ran-Le

<u>Company</u>	<u>Equipment</u>
<b>APEX BULK TECHNOLOGIES</b>	Full-service engineering with multiple engineering disciplines that offers Design-Build, Design-Procurement or Project Management of bulk material handling systems.
<b>EASTERN INSTRUMENTS</b>	CentriFlow Meter, mass flow measurement for flowable solids.
<b>FISHER-KLOSTERMAN, INC.</b>	Cyclones, wet scrubbers, air classifiers and baghouses. Dust and fume collectors.
<b>BUELL DIVISION</b>	Aggregate and industrial classifiers.
<b>THE FITZPATRICK COMPANY</b>	Size reduction equipment & systems (lab scale & production size). Gentle milling & sieving. Comminutors. Dry granulation systems. Chilsonator roll compaction.
<b>FRAZIER &amp; SON</b>	Sanitary Z-bucket stainless steel elevators. Sanitary closed channel frame, sanitary open tubular frame, custom infeed and discharges, wash down duty.
<b>HI-LINE INDUSTRIES II, INC.</b>	Belt conveyors, belt feeders, hoppers & flexible wall belt conveyors. Custom fabrication.
<b>INTERSYSTEMS INC.</b>	Automatic sampling systems - crosscut, belt sweep, inline - for all industries.
<b>MEYER &amp; SONS</b>	Rotary airlocks & feeders. Knife Gates, Swing Gate Valves, PC Plug Diverter Valves. Blower Packages. Screwveyor Pump (dry material injection pump into pneumatic conveying line). Heavy duty dump valves.
<b>MONITOR TECHNOLOGIES</b>	Complete line of bulk solids level measuring products. Continuous level measurement - guided wire radar (Flexar), ultrasonic & cable based smart sensor. Point level measurement - Paddle wheel, RF capacitance & vibrating fork.
<b>NATIONAL BULK EQUIPMENT</b>	Bulk bag fillers, bulk bag dischargers, bag handling systems. Drum & container dischargers. Tilt tables. Mixers. Flexible screw conveyors. Hoppers. Bolted silos.
<b>PEBCO</b>	Slide gates, diverter valves, clam shell gates. High pressure, temperature & vacuum valves. Burner isolation valves. Coal & coke gates. Dustless loading spouts. Bulk loadout systems. Cleveland Cascade Chutes.
<b>PELLETRON CORPORATION</b>	DeDusting Equipment and Solutions, Plastic pellet conveying systems, High and Low Pressure rotary feeders, Diverter Valves, Pellbow Elbows, Flow Enhancer.
<b>SHICK USA</b>	Dilute phase pneumatic conveying systems and components, automated dry and liquid ingredient batching systems.
<b>TECWEIGH</b>	Feeders: volumetric, gravimetric, loss-in-weight & weigh belt. Conveyor scales, control gates, bulk bag unloaders, weigh processors and equipment controls.
<b>THOMAS CONVEYOR CO.</b>	Heavy duty, high capacity screw conveyors & feeders. Bucket elevators. Live bottom feeders. Hoppers and bins.
<b>VENTILEX</b>	Fluid bed dryers, coolers and flash dryers for the food, dairy, chemical, pharmaceutical and aggregate markets.
<b>WILLIAMS PATENT CRUSHER &amp; PULVERIZER CO.</b>	Crushers, shredders, hammermills, pulverizers. Air classifiers. Dryer mills and Disc screens.
