

APPROTEC RAN-LE

APPLIED PROCESS TECHNOLOGY

AMERICAN PROCESS SYSTEMS	A division of Eirich, APS has a complete line of mixing and blending equipment for all industries. From sanitary food grade applications to heavy duty industrial mixing.
EASTERN INSTRUMENTS	CentriFlow Meter, mass flow measurement for flowable solids. Airflow measurement systems for new retrofit industrial applications for insufficient straight duct runs and/or accuracy.
ERIEZ MAGNETICS	Permanent, electro and rare earth magnetic separation. Vibratory feeders & conveyors. Screening. Metal detection & x-ray systems. Metals conveying, lifting & handling. Minerals/materials processing.
FISHER-KLOSTERMAN	Product recovery, dust collection and air pollution control. Cyclones, wet scrubbers, air classifiers, baghouses, and fume collectors. Ultra-High Efficiency cyclones.
FITZPATRICK COMPANY	Size reduction equipment & systems (lab scale & production size). Gentle milling & sieving. Comminutors. Dry granulation systems. Chilsonator roll compaction.
FRAZIER & SON	Sanitary Z-bucket stainless steel elevators. Sanitary closed channel frame, sanitary open tubular frame, custom infeed and discharges, wash down duty.
INTERSYSTEMS INC.	Automatic sampling systems - crosscut, belt sweep, inline - for all industries.
JACOB TUBING	Modular tubing systems including tubes, segments and blends, form pieces, transitions, inspection components, regulator, gates and shut off valves, diverter valves, and more.
MEYER & SONS	Rotary airlocks & feeders. Knife Gates, PC Plug Diverter Valves. Blower Packages. Screwveyor Pump (dry material injection pump into pneumatic conveying line). Heavy duty dump valves.
MONITOR TECHNOLOGIES	Complete line of bulk solids level measuring products, including both Continuous Level measurement (guided wave radar & cable based smart sensor) and Point Level (Rotary Paddle, RF Probe, etc).
PEBCO	Slide gates, diverter valves, clam shell gates. High pressure, temperature & vacuum valves. Burner isolation valves. Dustless loading spouts. Bulk loadout systems. Cleveland Cascading Chutes.
PELLETRON CORPORATION	DeDusting Equipment and Solutions for all industries, Plastic pellet conveying systems, High and Low Pressure Rotary Feeders, Diverter Valves, Pellbow Elbows, Flow Enhancer.
SHICK USA	Pneumatic conveying; Dilute phase and vacuum dense phase systems and components, automated dry and liquid ingredient batching systems.
SPIROFLOW	Flexible Screw conveyors, Aero Mechanical Conveyors, Vacuum Conveyors, Bulk Bag Dischargers, Bulk Bag Fillers, Packaging Systems and Weighing Systems.
TECWEIGH	Feeders: Volumetric, Gravimetric, Loss-in-Weight & Weigh Belt. Conveyor scales, control gates, bulk bag unloaders, weigh processors and equipment controls.
THOMAS CONVEYOR CO.	Largest screw conveyor manufacturer in North America. Heavy duty, high capacity screw conveyors & feeders. Bucket elevators. Live bottom feeders. Hoppers and bins.
UNTHA	Produces the world's best shredders for reducing waste by-products & recyclable materials. Complete product line, including unique 4-shaft designs. 8,000+ systems in tires/rubber, wood, metals, industrial wastes, plastics, electronic equipment, paper / card board and organic wastes.
